INTERNATIONAL CONFERENCE ON ECOHYDROLOGY 2014

In Conjunction with the 22nd Meeting IHP Regional Steering Committee (RSC) for Southeast Asia and the Pacific

"Ecohydrology Approaches Facing The Global Water Environment Challenges"

The objective of the conference is to synthesize information and knowledge gaps for addressing issues related to critical water environment systems.

Conference Topics

1. Development of Ecohydrological Concepts and Implementation Issues
2. Ecotechnology for water, food and energy security
3. Sustainability issues in water environment
4. Ecohydrology in Lakes and reservoirs
5. Ecohydrology in Wetlands
6. Ecohydrology in karst and terrestrial ecosystems
7. Hydroinformatics and modelling
8. Human & water environment
9. Local tradition, knowledge, wisdoms and cultural values
10. Water environment related disasters
11. Governance and management challenges
12. Biodiversity and water environment
13. Public participation

Time and Venue

November 10-12, 2014
Yogyakarta - Indonesia

Important Dates

- First call for paper : February 10, 2014
- Second call for paper : May 01, 2014
- **Abstract submission : June 02, 2014**
- Acceptance : July 01, 2014
- Full paper submission : September 01, 2014

Keynote Speakers

Prof. Hery Harjono (Director of Asia Pacific Centre for Ecohydrology)
Prof. Demin Zhou (Senior Scientist of Chinese Academy of Sciences)
Prof. Quentin Grafton (Executive Director of Australian National Institute of Public Policy)
Prof. Maciej Zalweski (Director of European Regional Centre for Ecohydrology)
Prof. Luis Chicharro (Professor at University of The Algarve, Portugal)
Prof. Soon Tak Lee (President of International Hydrologic Environmental Society)
Prof. Umar Anggara Jenie (Former Chairman of LIPI/Professor at Gajah Mada University, Indonesia)
